ORDER

Turner has objected to Magistrate Judge Jerome T. Kearney's recommendation, *Document No. 3*, that the Court deny Turner's motion to proceed *in forma pauperis* and dismiss Turner's complaint. On *de novo* review, the Court adopts Judge Kearney's proposed order as its own with one correction of a typographical error: one of Turner's three strikes was in case no. 4:99-cv-392-GH, not case no. 4:99-cv-393-GH. *Compare Document No. 3, at 3 n.1.* Turner's objection does not change the analysis. *Document No. 4.* It restates his allegations but does not suggest imminent danger of serious physical harm. 28 U.S.C. § 1915(g).

Motion to proceed *in forma pauperis*, *Document No. 1*, denied. Turner's complaint is dismissed without prejudice.

So Ordered.
